The Children of Haiti Desperately Need Clean Water— You Can Give It To Them

The Lifesaver Bottle and Jerrycan provide safe drinking water with a few pumps of a handle. A miraculous, simple, inexpensive way to save lives. You can make a donation to Wilshire Boulevard Temple and we will make sure the Bottles and Jerrycans are purchased, delivered by Israaid, and used by children in orphanages all over Haiti. Please visit the links below to learn more and to donate. Children's lives are at stake.

www.lifesaversystems.com

Lifesaver Bottle (\$134) uses a highly advanced ultra filtration system cartridge that can filter 6,000 liters of water. The cartridge removes bacteria, viruses, cysts, parasites, fungi and all other microbiological water-borne pathogens from water.

Lifesaver Jerrycan (\$199) uses the same highly advanced ultra filtration system technology. Each holds 5 gallons of water and can filter 15,000 liters of safe drinking water - that's enough drinking water for a family of 4 for 5 years!

---> **Donate**
